

Guardian Policy Writing & Reform Services

Guardian can construct a vast range of emergency management and domestic security policies. Guardian can also review current policies and provide reform recommendations to your emergency management and domestic security processes. Policies can be constructed in the following areas to optimize the emergency management process, specifically for your organization or community:

Mass Gathering

Armed Intruder

Civil Unrest

Cyber Security & Defense

Training Management

Warming/Cooling Center

Community Drone Management

Respiratory Protection Management

Chain of Custody

Terrorism Prevention

Business Continuity

Cyber Downtime Activation

Decontamination

Family Reunification

Joint Information Center

Evacuation/Relocation

Improvised Explosive Device Prevention

Executive Protection

Election Protection & Integrity

Emergency Operations Center

Climate Resiliency

Hospital Vertical Evacuation

Hospital Horizontal Evacuation

School Security

Customized Policy

Note: Guardian can construct a customized policy for a specific subject area based on the client's direct need. Please contact Guardian directly with an inquiry to request policy writing services, including policies that are not listed in the above section.
